

The Dashpot

November 2017

This is usually the month when MGers put away our little British cars for the Winter season. Please don't forget to enter your closing odometer reading into the website database. As we all 'travel' through these colder months, let's think about how to make the 2018 driving season a pleasure for all of us.

October Meeting News:

The meeting was held at Dunn's Restaurant (Bank Street South, Ottawa). There have been responses to the recent request for volunteers to fill Executive Portfolio positions, it was announced we still need: **Treasurer** and **Director-at-Large**. Folks were encouraged to volunteer and help OMGC continue successful operations. News about an increase in the cost of the special CAA program offered to OMGC members was announced.

In mid-September, there was a BROADCAST seeking suggestions for an "Auto Body Estimate & Repair Location". Recommendations for Bill's Collision, 2295 Stevenage Drive, were received. Club member Ian Wyatt did have repairs to his 1974 MGB completed at this shop. Ian has reported his complete satisfaction with the work. "Very happy with the results".
