

The Dashpot

August 2018

Route 66: <https://www.nationalgeographic.com/route-66/>
Remember Peter & Kerith Buckingham, the Australians in the yellow MGB-GT, who (as part of their round-the-world tour) drove across Canada from Vancouver to St. Johns (via ABCD in Ottawa) and then back to Los Angeles, picking up Route 66 near Chicago. (not enough days in the year and not enough money in the bank, eh?)

July Meeting News: This monthly meeting was conducted at The Heart & Crown.
