This is a show especially for classic cars of all European marques, and as there is so much more space in our new location, we are pleased to welcome future European classics as well.

For planning purposes, we do ask you to register (name/town, phone #, e-mail, make/model/ year of car), but as with our shows in 2018 and 2019, there is no entry fee, there are no judges, no prizes, no vendors and no music – just beautiful cars that exemplify European styling and engineering.

Having officially been dubbed “Canada’s Most Beautiful Village” by Communities in Bloom, and with more designated heritage buildings than any other Ontario community of like-size, Merrickville is a unique and vibrant Victorian village on the Rideau Canal. While you’re here, check out the studios of some of our local artists; stop in at the Blockhouse National Historic Site and learn the history of the Rideau Canal – souvenirs (and washrooms!) available at The Depot.

We encourage you to visit our stores where you’ll find unique fashions, home décor, fine foods, antiques, previously loved books and records (real vinyl ones!), gifts and hand-made candies – and yes, if you’re already looking for a new ornament for your Christmas tree, you’ll find one here.

Hungry? There are restaurants and cafés to suit all appetites and wallets; and when it’s time for a special treat, look no further than Stella Luna Gelato Café or the Downtowne Ice Cream Shoppe.

For those who may want to make a weekend of it, there are numerous B’n’Bs and Air B’n’Bs in the area, as well as accommodations at Merrickville Guest Suites and the Baldachin Inn. There is also the Lions’ Campground

We look forward to welcoming you and your classic/future classic European cars back to Merrickville in September for the 3rd Merrickville European Classic Car Show. Until then, enjoy the summer – drive safe.
